

FROMENTAL

**Belsize Tiles**  
Lumière

Belsize Tiles retains an industrial feel whilst also being extremely chic. Brutalist shapes are rendered in luxuriant metallic tones. This design works equally well in both dramatic and subtle colour combinations.

## Technical Information

### Material and Technique

Hand-painted onto hand-gilded paper or paper-backed silk depending on colourway.

### Design and Installation

The composition of the relief pattern tiles can be customised so that they are tailored to your space. It is standard practice for plain tiles to be cut at the top and bottom of the wall and also at wall breaks, e.g. windows and door frames. Whilst the tile size remains the same, our studio will ensure that the design is well balanced and tailored to the space for optimal results.
