CAPRICORN

COLLABORATION WITH TOM FAULKNER

Capricorn is an elegant, sculptural wallcovering created in collaboration with British furniture designer Tom Faulkner. Inspired by the fundamental principles of symmetry, proportion, and silhouette, this design carries a certain gravitas.

Capricorn's sweeping, semi-abstract circles are complemented by the interplay of light and shadow across its velvet surface, inviting quiet contemplation without overwhelming the viewer. The result is a captivating wallcovering that serves as both a striking statement piece and a source of calm.

COLOURWAYS

01 Ferrous Blue on Paper Backed Velvet

This cloud-like blue colourway evokes calm and space. Painted hues and textural relief intersect, softly, like a patina drawn into velvet.

02 Copper on Paper Backed Velvet

Copper has the nuanced character of patination, drawing on Faulkner's background in metalwork. A warm blush of apricot, dragged across the sumptuous ivory velvet, shifts subtly in different lights, suggesting colour without overpowering.

“Tom’s work has always struck me as a sculptural exploration of geometry and material. With Capricorn, bold geometrics are rendered texturally, creating a sense of moving shadows rather than fixed shapes. This textural effect contrasts with the inherent rigidity of Tom’s usual materials.”
