Rain  
Ratio

Referencing the simple lines of Paul Poiret dresses of the 1920's and their exquisite detailing, Rain emulates a soft summer rainfall with metallic threads, hand-embroidered onto an ombré silk. The design is one of the first to be produced between our London Studio and Studio Partners in Calcutta, India.

Shimmering silver and platinum threads fall densely from the top of the wall. Lines of 'droplets' fade into scattered, glistening details onto gradating silk, a subtle and elegant embroidered design.

Fromental wallcoverings are hand-made to order, tailored for each room. From supplied elevations and floor plan, we will place the design and panel seaming to ensure optimal installation.
